

Dear Parents,

Subject - Earth Day Activity

**There is no place to live other than Earth; save the Earth!**

As global citizens, we need to shoulder the responsibility of protecting the environment and saving our planet.

At Mount Litera Zee School, it is our earnest endeavor to sensitize the learners to take ownership of the saving the Earth. We strongly advocate for the **school campus as a plastic bag free zone** and solicit your support in the success of this initiative.

**Please** note that in keeping with the initiative of **World Earth Day** we propose a ban on plastic bags, spoons, plates and other disposable items in the school premise.

Request you to refrain from sending any items packed in plastic bags; instead propose the eco-friendly alternatives like jute/paper bags.

We also encourage you to help your wards plant a seed/sapling and nurture it regularly.

We appreciate your continued support and cooperation for the success of Earth Day initiative.

**Let's make the Earth great, before It's too Late. Save the Earth.**

Regards

Principal
